

BEARS DRIVEN TO COVER.

THE BULLS BOOST THE MARKET FROM ONE TO TWO POINTS.

Reading and Western Union Abandoned in the Morning to the Speculators of the Bears, but Brought Back Later in the Day—An Attack Made on Rock Island—Missouri Pacific's Resistance—Coal Stocks Affected.

HERE was a decided change in speculation this morning; in fact, the order of things was completely reversed. For days Reading and Western Union have been the bulwarks that held up the rest of the list, while the shorts pounded the life out of the Gould stocks and a few others. To-day Western Union and Reading seemed to be abandoned to the ten-

der mercies of the bears, while Missouri Pacific showed more resistance and a number of other active shares about up along with it. H. K. Enos sold about 5,000 Western Union at an early hour and this proved to be a staggered sell, but he was still a believer in the stock.

All the little traders scamped out as fast as they could, only to hurry back later when they saw that Western Union was disposed to move up again.

The bears made Rock Island one of their objective points and sold it down to 129. They are afraid to get too much of it, however, as it is difficult to borrow any considerable amounts. Mr. Cable, the President of the company, paid his compliments to the bears this morning by saying that "if they insist upon shorting Rock Island at present prices he believed some of them would wear Nankin trousers this winter."

The Rock Island has many staunch friends who are such firm believers in the property that they would probably take all the stock the shorts cared to sell. Among these friends are such men as David P. Flower, Porter, and, of course, Cable himself.

There was good buying of Northwest on Vice-President Sykes's assertion that the company earned 1 per cent. on the stock in September. It will be remembered that it was recently asserted in the most persistent manner that the earnings that month showed a heavy falling off from those of 1886.

Even Reading recovered and during the afternoon the bulls took hold of the whole market with a will, lifting prices 1/2 to 2 points above the figures of yesterday. The shorts covered freely on despatches from the West that grain and flour rates from St. Paul and Minneapolis to Chicago will be advanced from 10 to 15 cents per 100 lbs. on the 15th inst. and on a telegram from Philadelphia quoting Vice-President Oakes of the Northern Pacific, to the following effect:

Our business is located and we could use 4,000 more cars to-day if we could get them. The Werra arrived to-day with 419,700, consigned to L. Van Hoffman & Co. This brings the total since July 23 up to \$27,200,000.

Foreign Exchange was reduced to 4.82 and 4.86. Exports of produce and miscellaneous goods from New York for the week ending to-day, \$6,026,425.

ADAMSON'S BOTANIC

A Wonderful Remedy!

COUGHS

AND

COLDS

WHICH LEAD TO

CONSUMPTION.

This lady suffered twenty years with a severe Bronchial Cough, never lying down without a severe attack. Read how she was cured, after much persuasion to try the Balsam:

F. W. KINSMAN & CO.: My testimony in favor of Adamson's Botanic Balsam will be but an addition of what I can testify by experience the marvelous cures effected by its use. My case is not an ordinary one. For twenty years I have suffered from a Bronchial cough, never lying down without a severe attack of the same. After much persuasion I was induced to try your Balsam, and its good effects for six months are certainly marvellous. Please use this truthful testimony for the advantage of all sufferers like myself.

MRS. WM. J. ALDEN. Feb. 21, 1887. Duxbury, Mass.

More than twenty years ago Adamson's Botanic Balsam was introduced generally throughout New England as a remedy for Coughs, Colds and Pulmonary complaints. Since its introduction it has constantly won its way into public favor, until now it is the universal decision that ADAMSON'S BOTANIC BALSAM is the best remedy for curing Coughs, Colds and Asthma.

It is prepared from highly concentrated Vegetable Extracts and Barks, Gums and Roots of wonderful healing properties, and is highly commended by clergymen, eminent physicians and scientific men everywhere, testimonials from whom can be furnished without number.

You can find the Balsam on sale at all drug stores in small and large bottles. Prices, 10, 25 and 75c. Put up so that all can be accommodated. Remember, in speaking of

ADAMSON'S BALSAM

that we are not calling your attention to a novelty or some new nostrum, but to a curative agent that has been used very extensively for twenty years, and during that time the sale has been steadily increasing, until to-day it stands without an equal.

Senator Edward Wemple, candidate for State Comptroller, also had a chat with him. Gov. Hill will make a speech at the mass-meeting of the Democracy of Kings County in the Brooklyn Academy of Music to-night.

Accused of Stealing a Bicycle. George A. Bence, aged eighteen years, Junior of the Riverside Wreckmen's Club, at One Hundred and Eighth street and Grand Boulevard, was held at the Harlem Police Court this morning on a charge of having stolen the bicycle of Hugh Clark, a member of the club. Last July the bicycle disappeared, and on Sunday it was found in the possession of D. W. Sherwood, of 213 West One Hundred and Twenty-eighth street, who had purchased it from Bence.

BOOKBINDERS WANT MORE PAY. A Demand Which is Thought will be Granted—The Printers' Strike.

The forwarders and finishers employed in job bookbinding establishments of this city made a demand to-day for an increase of \$3 a week. They have been receiving \$12, \$15 and \$18. The men make their headquarters at Reimer's Hall, at 475 Pearl street, where about fifty of them were assembled at noon to-day. The members of the Executive Board, it was stated, were all at work, and until they are prepared to meet and hear reports this evening, no definite knowledge of how matters stand can be had. It was reported that in the majority of the bookbinding shops the scale of wages was unhesitatingly granted.

The paper rulers employed in the same branch of trade, made a like demand a year ago and were successful. Among the book and job compositors still on strike there was a feeling to-day of discomfort. The contention existing most prominently just now is concerning the office of Mr. Polhemus. A committee waited on Mr. Polhemus last night but could reach no satisfactory conclusion. On the part of the strikers it was maintained that all the men must return to work and the three foremen be reinstated in their positions. This Mr. Polhemus would not accede to.

A meeting of the chandelier makers is to be held at the Metropolitan Hotel this afternoon. One of the officers of the employers' organization stated that he knew of nothing likely to occur which would result in the reopening of the shops.

Championing the Truckmen's Cause.

Alderman Dwyer made a speech at the meeting of the Common Council to-day opposing the order requiring public carmen to remove their trucks from the street within forty-eight hours. A resolution was unanimously adopted calling the attention of the Police Commissioners to a corporation ordinance of 1880 permitting truckmen to keep their cars at night in front of their stables and to the ordinance allowing trucks to be kept at night in certain alleys.

Broken Bivens's Sentence. Courtland Bivens, the yacht-broker, convicted in Brooklyn of complicity in a case of mail-practice, was sentenced by Judge Moore, in the Court of Sessions to-day, to Sing Sing for three years and six months at hard labor.

Driven Insane by Poverty. Ellen Donohue, wife of a cabinet-maker living on the third floor of the tenement 74 Jackson street, jumped out of a window in her house early this morning. She was taken to the Gouverneur Hospital in a dying condition. It is thought that her long struggle with poverty drove her insane.
